A Kitchen Without Walls

We're often told we're one of the best vegetarian restaurants around, but for us, it's about more than just accolades. We strive to create an enjoyable dining experience, serving honest, flavorful food and thoughtfully chosen wines.

We believe in serving exceptional food that nourishes both body and mind. We prioritize simple, delicious meals paired with thoughtfully selected wines, all while minimizing our impact on the planet, dining with a clear conscience, respecting both our guests and the environment.

We source the finest organic, biodynamic, and natural ingredients whenever possible, giving preference to local and European producers. While organic certification is our ideal, we also value those who practice sustainable methods even without the label, and embrace the bounty of wild ingredients.

Our wine list boasts a curated selection of organic wines from around the globe, with a particular focus on reviving the tradition of natural winemaking with our exciting range of orange wines.

When we opened our doors three years ago, our mission was to showcase the incredible flavors and diversity of plant-based cuisine. We avoid meat and eliminate the use of soy, reflecting our commitment to ethical and sustainable practices.

We're passionate about our ingredients and happy to discuss our choices with you. While we don't advocate for any particular dietary lifestyle, we offer a delicious alternative for those seeking a meat-free meal, whether it's a conscious choice or a simple desire to explore new culinary horizons.

We believe in enjoying good food and good company. Our dishes are vibrant, flavorful, and approachable, designed to surprise and delight.

Pair your meal with an uncompromisingly robust Italian red or a bold French orange wine. Our knowledgeable staff is happy to assist with wine pairings.

Come as you are and experience the potential of a plant-centric cuisine. You might just discover that you don't need meat as much as you think.
